

Happy New Year!

The Groton Long Point Association Centennial Committee

What's Happening in 2021!

Clark Hall

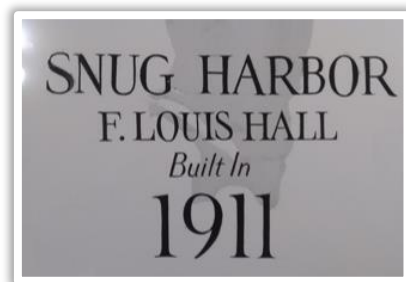

Great progress is happening in Clark Hall!!

The ceiling is taped and painted. The new large window is installed and will open out awning style with screens on the inside. The daylight on the inside of the hall is very noticeable! New woodwork on the ends of the hall will be up shortly and painting will continue.

The Centennial Committee is currently reviewing lighting options, both up-lighting and lighting fixtures.

Shaded Pavilion

The Pavilion is installed and complete. Kloter Farms came back and repaired the wind damage to the roof shingles. They also adjusted the base trim pieces on the posts so that they sit properly. We are looking forward to seeing everyone enjoying this!

Groton Long Point's Historic House Sign Project

The Centennial Committee is looking for Groton Long Point homes that are 75 years or older and would like to add a historic house sign. [Click here for more details and the application.](#)

Please email Valerie Gange for more information and/or if you are interested in helping with this project. gange@comcast.net

A New Centennial Gift!

The Centennial Committee is reviewing suggestions for the use of the excess Centennial Funds. Under current review is the re-paving of the inner lagoon bike path. Please feel free to email potential project ideas to: glpcentennial@gmail.com
